## DOMINION ORDERS IN COUNCIL.

(Ref. 442,757)

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 14th day of April, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-GENERAL  
IN COUNCIL.

WHEREAS section 3 of the regulations governing the granting of yearly licences to cut timber on Dominion Lands in Manitoba, the North-West Territories, and within the Railway Belt in British Columbia, established by the Order in Council of the 1st July, 1898, as amended by subsequent Orders in Council, provides that when a licensee has complied with all the conditions set forth in his licence and the Regulations, and where no portion of the timber is required for settlement or other public purpose, of which the Minister of the Interior is to be the judge, the licence may be renewed for another year subject to such revision of the annual rental and royalty to be paid therefor as may be fixed by the Governor in Council:

And whereas representations have been made that the tenure of a licence under the provisions above cited is unsatisfactory as no guarantee is given that the

licence will be renewed, provided the licensee has fully complied with the provisions thereof, and it is considered that an assurance should be given to a licensee that his licence will be renewed if he has complied with its conditions:

Therefore the Governor-General in Council is pleased to order that the said section 3 of the Regulations governing the granting of licences to cut timber now in force, shall be, and the same is hereby repealed and the following substituted in lieu thereof:—

" So long as the licensee complies with the conditions of his licence and of the regulations, he shall be entitled to a renewal of his licence from year to year while merchantable timber remains upon the area licensed. When a substantial portion of the said area has been denuded of timber, the Minister may dispose of the same under sale or settlement regulations, provided that no such disposition shall be made of land immediately contiguous to merchantable standing timber, or in such a way as to endanger destruction thereof by fire."

The Governor-General in Council is further pleased to order that sub-section 2 of section 10 of the said Regulations be rescinded, as the provision therein made for the withdrawal of lands from the operation of a licence for settlement, is provided for in the above proposed amendment to the Regulations:

The Governor-General in Council is also pleased to order that sub-section 9 of section 10 of the above cited Regulations shall be and the same is hereby rescinded, and the following substituted in lieu thereof:—

"The licence shall be subject to forfeiture for wilful infraction of any of the conditions to which it is subject, or for any fraudulent return, and in such case the Minister of the Interior shall, under the restrictions hereinafter provided, have the right, without compensation to the licensee, to cancel the same and to make a new licence or disposition of the said berth to any other party in accordance with these regulations; provided that the Minister of the Interior, if he sees fit, may refrain from forfeiting such licence for non-payment of dues and may enforce payment of such dues in the manner provided by the said Act; provided further that if the Minister shall decide to exercise the powers of cancellation conferred by this sub-section he shall give the licensee three months' notice in writing, by mailing the same to the last known place of address of the licensee, and by publishing the said notice not less than once a week during three months in a newspaper published in the Provinces of Manitoba and British Columbia, and publishing said notice also in each issue of the official gazette during a period of three months. If the licensee, within one month after the expiration of the last publication, as aforesaid, disputes the existence of any cause sufficient under this sub-section to warrant the cancellation of his licence, the question of fact involved shall be referred by the Minister to the Exchequer Court of Canada for report. The report of such Court shall be appealable in like manner as any other decision of the said Court. If the violation of the regulations refers merely to payment of money, the Court may relieve from forfeiture on payment of double the amount found to be due, and costs. Upon the final report from the Court being received, the Minister may proceed in accordance with such finding under this sub-section."

JOHN J. McGEE,  
*Clerk of the Privy Council.*
